

Final

Using this stencil you can create your very own Crab with our Cool Coral ABS mixed pack. Fill in all the pieces and then put them together piece by piece.

Step 1

Print out the stencil and trace the pieces.
*Note there are only certain parts that needs to be filled in.

Step 2

Attach the other part of the body, and then doodle on top of it filling up the whole body of the crab.

Step 3

Attach the legs on the body where there are small circles.

Done!

Finally, add the eyes and you are done.
A few more of these and you can open your own seafood restaurant!
