

Step 1

Cover your phone with tracing paper or tape.

Step 2

3dmarker.ru

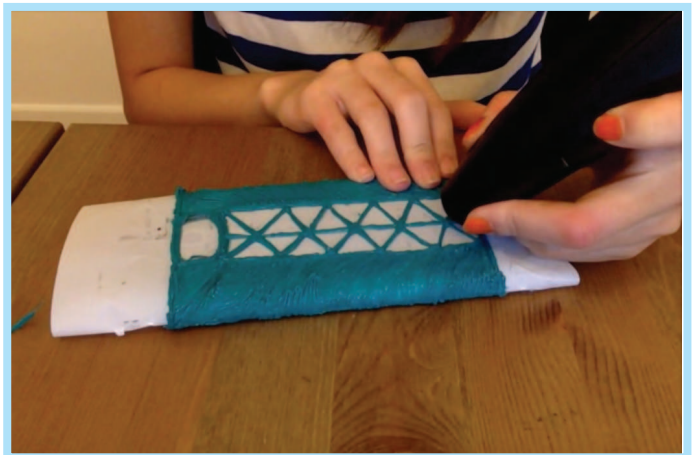

Outline your case. It will help to build a skeleton.

Step 3

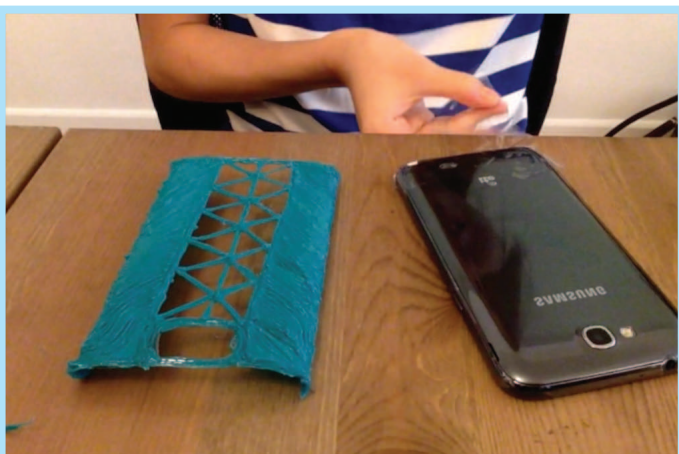

Colour it in!

Step 4

Personalize it by drawing your own designs!

Step 5

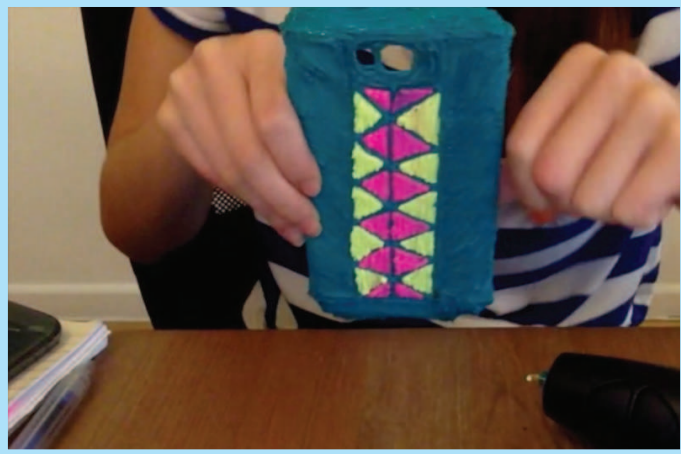

Tape the lower and upper part of the phone.

Step 6

Draw around the taped areas. Make sure you leave space for your pen (stylus) and speakers.

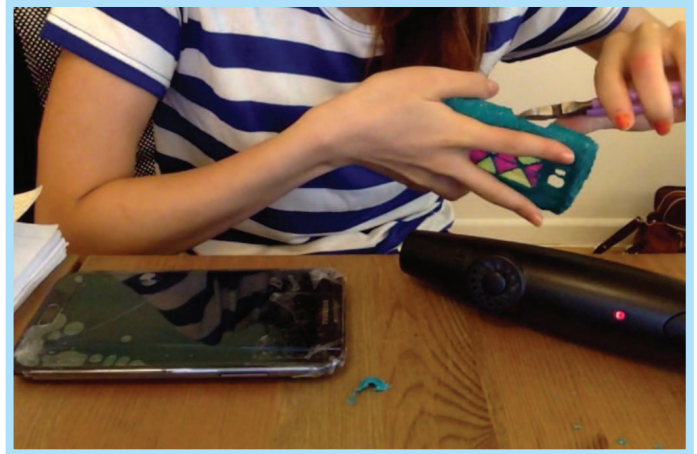

Step 7

Have fun with the colours!

Step 8

3dmarker.ru

Clip/Cut-out the holes for your volume, lock button and your earphone jack.

Final
